

The Microsurgery Cookies Policy

The Microsurgery's website uses cookies to provide you with personalized access and to enhance your visit assuring the maximum accuracy of our service. By using the Microsurgery's website and agreeing to this policy, you consent to our use of cookies in accordance with the terms of this policy.

About cookies:

Cookies consist of pieces of text files, often including unique identifiers, that are sent by web servers to web browsers, and which may then be sent back to the server each time the browser requests a page from the server. Cookies can be used by web servers to identify and track users as they navigate different pages on a website and to identify users returning to a website. Cookies facilitate your navigation and provide secure connections. Cookies may be either "persistent" cookies or "session" cookies. A persistent cookie consists of a text file sent by a web server to a web browser, which will be stored by the browser and will remain valid until its set expiry date (unless deleted by the user before the expiry date). A session cookie, on the other hand, will expire at the end of the user session, when the web browser is closed.

Cookies on this website

The Microsurgery uses session and persistent cookies on this website.

How we use cookies

Cookies do not contain any information that personally identifies you, but personal information (as defined in the Protection of Personal Information Act No. 3 of 2014 ("POPIA") that we store about you, may be linked, by us, to the information stored in and obtained from cookies.

The Microsurgery may use the information we obtain from your use of our cookies for the following purposes:

1. to recognise your computer when you visit our website;
2. to track you as you navigate our website;
3. to improve the website's usability;
4. to analyse the use of our website;
5. in the administration of this website.

Third Party cookies

When you use the Microsurgery's website, you may also be sent third party cookies. In addition, the Microsurgery uses Google Analytics to analyse the use of this website. Google Analytics generates statistical and other information about a website's use by means of cookies which are stored on users' computers. The information generated relating to the Microsurgery's website, is used to create reports about the use of the website. Google will store this information.

Please refer to Google's privacy policy available at <http://www.google.com/privacypolicy.html>.

Blocking cookies

Most browsers allow you to refuse or to accept cookies. For example:

1. in Internet Explorer you can refuse all cookies by clicking "Tools", "Internet Options", "Privacy", and selecting "Block all cookies" using the sliding selector;
2. in Firefox you can block all cookies by clicking "Tools", "Options", and un-checking "Accept cookies from sites" in the "Privacy" box.

Blocking all cookies will, however, have a negative impact upon the usability of many websites. If you block cookies, you will not be able to use all the features on this website.

Deleting cookies

You can also delete cookies already stored on your computer:

in Internet Explorer, you must manually delete cookie files (you can find instructions for doing so at <http://support.microsoft.com/kb/278835>);

in Firefox, you can delete cookies by, first ensuring that cookies are to be deleted when you "clear private data" (this setting can be changed by clicking "Tools", "Options" and "Settings" in the "Private Data" box) and then clicking "Clear private data" in the "Tools" menu. Obviously, doing this may have a negative impact on the usability of many websites.
